Please complete this form and hand it in to get the next set of sheets.

Welcome! You and your child have joined this easy and fun, go-at-your-own pace reading program. Experts believe that children need to hear 1,000 stories read aloud to them before they start kindergarten. We will help you achieve this goal and as your child's first teacher, you will help him/her be school-ready!

1,000 books may seem like a lot of books to read, yet you can do it:

- ☺ If you read 3 books to your child every day for one year, you will have read 1,095 books!
- ☺ Read 10 books every week for two years, you will have read 1,040 books! This is less than 2 books a day.
- ☺ You can read 1 book every other day and still reach 1,000 books in less than 5 years.

What to do? Please follow these steps:

1. Read to your child.
2. Write down each book that you share together. It's okay to read the same book over and over again!
Books that you read at home, at the library, or at school and daycare count.
3. When you finish your first 100 books, bring your completed sheets to show the librarian! Pick up your sheets for the next 100 books.
4. Repeat steps 2 and 3, until you reach the 1,000 book goal.
5. Read at your own pace. The program is ongoing and only ends when your child enters Kindergarten.
6. When you reach 1,000 books, let us know so we can celebrate you and your child!
